- (b) Any service user that is exempt from the tax imposed by this Article pursuant to subsection (a) of this Section shall file an application with the Tax Administrator for an exemption; provided, however, this requirement shall not apply to a service user that is a State or Federal agency or subdivision with a commonly recognized name for such service. Said application shall be made upon a form approved by the Tax Administrator and shall state those facts, declared under penalty of perjury, which qualify the applicant for an exemption, and shall include the names of all service suppliers serving that service user. If deemed exempt by the Tax Administrator, such service user shall give the Tax Administrator timely written notice of any change in service suppliers so that the Tax Administrator can properly notify the new service supplier of the service user's tax exempt status. There is a rebuttable presumption that telecommunication services, which are billed to a billing or service address in the City, are used, in whole or in part, within the City's boundaries, and such services are subject to taxation under this Section. There is also a rebuttable presumption that prepaid telecommunication services sold within the city are used, in whole or in part, within the City and are therefore subject to taxation under this Section. If the billing address of the service user is different from the service address, the service address of the service user shall be used for purposes of imposing the tax. As used in this Section, the term "charges" shall include the value of any other services, credits, property of every kind or nature, or other consideration provided by the service user in exchange for the telecommunication services. - (c) The Tax Administrator may issue and disseminate to telecommunication service suppliers, which are subject to the tax collection requirements of this Article, an administrative ruling identifying those telecommunication services, or charges therefore, that are subject to or not subject to the tax of subsection (a) above.
- (d) As used in this Section, the term "telecommunication services" shall include, but is not limited to, charges for: connection, reconnection, termination, movement, or change of telecommunication services; late payment fees; detailed billing; central office and custom calling features (including but not limited to call waiting, call forwarding, caller

identification and three-way calling); voice mail and other messaging services; directory assistance; access and line charges; universal service charges; regulatory, administrative and other cost recovery charges; local number portability charges; and text and instant messaging.

“Telecommunication services” shall not include digital downloads that are not “ancillary telecommunication services,” such as music, ring tones, games, and similar digital products.

- (e) To prevent actual multi jurisdictional taxation of telecommunication services subject to tax under this Section, any service user, upon proof to the Tax Administrator that the service user has previously paid the same tax in another state or city on such telecommunication services, shall be allowed a credit against the tax imposed to the extent of the amount of such tax legally imposed in such other state or city; provided, however, the amount of credit shall not exceed the tax owed to the City under this Section.
- (f) The tax on telecommunication services imposed by this Section shall be collected from the service user by the service supplier. The tax shall be collected from the service user by the service supplier or non-utility service supplier, or its billing agent. The maximum annual electricity users’ tax payable by any service user for an individual service shall be one thousand five hundred dollars (\$1,500.00) for each twelve (12) month period commencing January 1 and ending December 31 of the same calendar year.
- (b) As used in this Section, the term “charges” shall apply to all services, components and items that are: i) necessary for or common to the receipt, use or enjoyment of electric service; or, ii) currently are or historically have been included in a single or bundled rate for electric service by a

local distribution company to a class of retail customers. The term “charges” shall include, but is not limited to, the following charges:

- (c) As used in this Section, the term “charges” shall include the value of any other services, credits, property of every kind or nature, or other consideration provided by the service user in exchange for the electricity or services related to the provision of such electricity.
- (d) The Tax Administrator, from time to time, may survey the electric service suppliers to identify the various unbundled billing components of electric retail service that they commonly provide to residential and commercial/industrial customers in the of the City, and the charges therefor, including those items that are mandated by state or federal regulatory agencies as a condition of providing such electric service. The Tax Administrator, thereafter, may issue and disseminate to such electric service suppliers an administrative ruling identifying those components

and items which are: i) necessary for or common to the receipt, use or enjoyment of electric service; or, ii) currently are or historically have been included in a single or bundled rate for electric service by a local distribution company to a class of retail customers. Charges for such components and items shall be subject to the tax of subsection (a) above.

- (f) The tax on electricity provided by self-production or by a non-utility service supplier not under the jurisdiction of this Article 9 shall be collected and remitted in the manner set forth in Section 8-2.907 of this Article. All other taxes on charges for electricity imposed by this Section shall be collected from the service user by the electric service supplier or its billing agent. The amount of tax collected in one (1) month shall be remitted to the Tax Administrator, and must be received by the Tax Administrator on or before the twentieth (20th) day of the following month; or, at the option of the person required to collect and/or remit the tax, such person shall remit an estimated amount of tax measured by the tax billed in the previous month or upon the payment pattern of the service user, which must be received by the Tax Administrator on or before the twentieth (20th) day of the following month, provided that such person shall submit an adjusted payment or request for credit, as appropriate, within sixty (60) days following each calendar quarter. service that they commonly provide to residential and commercial/industrial customers in the City, and the charges therefor, including those items that are mandated by state or federal regulatory agencies as a condition of providing such gas service. The Tax Administrator, thereafter, may issue and disseminate to such gas service suppliers an administrative ruling identifying those components and items which are: i) necessary for or common to the receipt, use or enjoyment of gas service; or, ii) currently are or historically have been included in a single or bundled rate for gas service by a local distribution company to a class of retail customers. The amount of tax collected in one (1) month shall be remitted to the Tax Administrator, and must be received by the Tax Administrator, on or before the twentieth (20th) day of the following month; or, at the option of the person required to collect and/or remit the tax, such person shall remit an estimated amount of tax measured by the tax billed in the previous month or upon the payment pattern of the service user, which must be received by the Tax Administrator on or before the twentieth (20th) day of the following month, provided that such person shall submit an adjusted payment or request for credit, as appropriate, within sixty (60) days following each calendar quarter. The credit, if approved by the Tax Administrator, may be applied against any subsequent remittance that becomes due.

8-2.907. COLLECTION OF TAX FROM SERVICE USERS RECEIVING DIRECT PURCHASE OF GAS OR ELECTRICITY.

- (a) Any service user subject to the tax imposed by Section 8-2.905 or by Section 8-2.906 of this Article, which produces gas or electricity for self-use; which receives gas or electricity, including any related supplemental services, directly from a non-utility service supplier not under the jurisdiction of this Article; or which, for any other reason, is not having the full tax collected and remitted by its service supplier, a non-utility service supplier, or its billing agent on the use of gas or electricity in the

City, including any related supplemental services, shall report said fact to the Tax Administrator and shall remit the tax due directly to the Tax Administrator within thirty (30) days of such use, based on the charges for, or value of, such gas or electricity, or supplemental services, as provided in subsection (b). In lieu of paying said actual tax, the service user may, at its option, remit to the Tax Administrator within thirty (30) days of such use an estimated amount of tax measured by the tax billed in the previous month, or upon the payment pattern of similar customers of the service supplier using similar amounts of gas or electricity, provided that the service user shall submit an adjusted payment or request for credit, as appropriate, within sixty (60) days following each calendar quarter. The credit, if approved by the Tax Administrator in writing, may be applied against any subsequent tax bill that becomes due.

- (b) The Tax Administrator may require said service user to identify its non-utility service supplier, and otherwise provide, subject to audit: invoices; books of account; or other satisfactory evidence documenting the quantity of gas or electricity used, including any related supplemental services, and the cost or price thereof. If the service user is unable to provide such satisfactory evidence, or if the administrative cost of calculating the tax in the opinion of the Tax Administrator is excessive, the Tax Administrator may determine the tax by applying the tax rate to the equivalent charges the service user would have incurred if the gas or electricity used, including any related supplemental services, had been provided by the service supplier that is the primary supplier of gas or electricity within the City. Rate schedules for this purpose shall be available from the City. The maximum annual electricity or gas users' tax payable by any such service user for an individual service shall be fifteen hundred dollars (\$1,500.00) for each twelve-month period commencing January 1 and ending December 31 of the same calendar year.

- (c) As used in this section, the term “charges” shall include the value of any other services, credits, property of every kind or nature, or other consideration provided by the service user in exchange for the video services.
- (d) The Tax Administrator may issue and disseminate to video service suppliers, which are subject to the tax collection requirements of this Article, an administrative ruling identifying those video services, or charges therefor, that are subject to or not subject to the tax of subsection (a) above.

- (e) The tax imposed by this section shall be collected from the service user by the video service supplier, its billing agent, or a reseller of such services. - (d) The Tax Administrator, from time to time, may survey the water service suppliers in the City to identify the various unbundled billing components

of water retail service that they commonly provide to residential and commercial/industrial customers in the City, and the charges therefor, including those items that are mandated by a water district or a state or federal agency as a condition of providing such water service. The Tax Administrator, thereafter, may issue and disseminate to such water service suppliers an administrative ruling identifying those components and items which are: i) necessary for or common to the receipt, use or enjoyment of water service; or, ii) currently are or historically have been included in a single or bundled rate for water service by a local distribution company to a class of retail customers. Charges for such components and items shall be subject to the tax of subsection (a) above.

- (e) There shall be excluded from the base on which the tax imposed in this section is computed charges made for water which is to be resold and delivered through a pipeline distribution system; and charges made by a municipal water department, public utility or a city or municipal water district for water used and consumed by such department, public utility or water district in the conduct of the business of such department, utility or district.
- (f) The tax on water service imposed by this section shall be collected from the service user by the water service supplier or its billing agent. The amount of tax collected in one (1) month shall be remitted to the Tax Administrator, and must be received by the Tax Administrator on or before the twentieth (20th) day of the following month.

8-2.910. BUNDLING TAXABLE ITEMS.

If any nontaxable charges are combined with and not separately stated from taxable service charges on the customer bill or invoice of a service supplier, the combined charge is subject to tax unless the service supplier identifies, by reasonable and verifiable standards, the portions of the combined charge that are nontaxable and taxable through the service supplier's books and records kept in the regular course of business, and in accordance with generally accepted accounting principles, and not created and maintained for tax purposes. If the service supplier offers a combination of taxable and non-taxable services, and the charges are separately stated, then for taxation purposes, the values assigned the taxable and non-taxable services shall be based on its books and records kept in the regular course of business and in accordance with generally accepted accounting principles, and not created and maintained for tax purposes. The service supplier has the burden of proving the proper valuation and apportionment of taxable and non-taxable charges.

8-2.911. SUBSTANTIAL NEXUS/MINIMUM CONTRACT.

For purposes of imposing a tax or establishing a duty to collect and remit a tax under this Article, “substantial nexus” and “minimum contacts” shall be construed broadly in favor of the imposition, collection and/or remittance of the utility users’ tax to the fullest extent permitted by State and Federal law, and as it may change from time to time by judicial interpretation or by statutory enactment. Any telecommunication service (including VoIP) used by a person with a service address in the City, which service is capable of terminating a call to another person on the general telephone network, shall be subject to a rebuttable presumption that “substantial nexus/minimum contacts” exists for purposes of imposing a tax, or establishing a duty to collect and remit a tax, under this Article. A service supplier shall be deemed to have sufficient activity in the City for tax collection and remittance purposes if its activities include, but are not limited to, any of the following: maintains or has within the City, directly or through an agent or subsidiary, a place of business of any nature; solicits business in the City by employees, independent contractors, resellers, agents or other representatives; solicits business in the City on a continuous, regular, seasonal or systematic basis by means of advertising that is broadcast or relayed from a transmitter with the City or distributed from a location with the City; or advertises in newspapers or other periodicals printed and published within the City or through materials distributed in the City by means other than the United States mail; or if there are activities performed in the City on behalf of the service supplier that are significantly associated with the service supplier’s ability to establish and maintain a market in the City for the provision of utility services that are subject to a tax under this Article.

8-2.912. DUTY TO COLLECT PROCEDURES.

- (a) **Collection by Service Suppliers:** The duty of service suppliers to collect and remit the taxes imposed by the provisions of this Article shall be performed as follows:
 - (1) The tax shall be collected by service suppliers insofar as practicable at the same time as, and along with, the collection of the charges made in accordance with the regular billing practice of the service supplier. Where the amount paid by a service user to a service supplier is less than the full amount of the charge and tax which was accrued for the billing period, a proportionate share of both the charge and the tax shall be deemed to have been paid. In those cases where a service user has notified the service supplier of refusal to pay the tax imposed on said charges, Section 8-2.916 shall apply.

(2) The duty of a service supplier to collect the tax from a service user shall commence with the beginning of the first regular billing period applicable to the service user where all charges normally included in such regular billing are subject to the provisions of this Article. Where a service user receives more than one billing, one or more being for different periods than another, the duty to collect shall arise separately for each billing period.

(b) **Filing Return and Payment:** Each person required by this Article to remit a tax shall file a return to the Tax Administrator, on forms approved by the Tax Administrator, on or before the due date. The full amount of the tax collected shall be included with the return and filed with the Tax Administrator. The Tax Administrator is authorized to require such additional information as he or she deems necessary to determine if the tax is being levied, collected, and remitted in accordance with this Article. Returns are due immediately upon cessation of business for any reason. Pursuant to *Revenue and Tax Code Section 7284.6*, the Tax Administrator, and its agents, shall maintain such filing returns as confidential information that is exempt from the disclosure provisions of the Public Records Act.

8-2.913. COLLECTION PENALTIES-SERVICE SUPPLIERS.

(a) Taxes collected from a service user are delinquent if not received by the Tax Administrator on or before the due date. Should the due date occur on a weekend or legal holiday, the return must be received by the Tax Administrator on the first regular working day following the weekend or legal holiday. A direct deposit, including electronic fund transfers and other similar methods of electronically exchanging monies between financial accounts, made by a service supplier in satisfaction of its obligations under this Article shall be considered timely if the transfer is initiated on or before the due date, and the transfer settles into the City's account on the following business day.

(b) If the person required to collect and/or remit the utility users' tax fails to collect the tax (by failing to properly assess the tax on one or more services or charges on the customer's billing) or fails to remit the tax collected on or before the due date, the Tax Administrator shall attach a penalty for such delinquencies or deficiencies at the rate of fifteen percent (15%) of the total tax that is delinquent or deficient in the remittance, and shall pay interest at the rate of seventy-five one-hundredths percent (0.75%) per month, or any fraction thereof, on the amount of the tax,

exclusive of penalties, from the date on which the remittance first became delinquent, until paid.

- (c) The Tax Administrator shall have the power to impose additional penalties upon persons required to collect and remit taxes pursuant to the provisions of this Article for fraud or gross negligence in reporting or remitting at the rate of fifteen percent (15%) of the amount of the tax collected and/or required to be remitted, or as recomputed by the Tax Administrator.
- (d) For collection purposes only, every penalty imposed and such interest that is accrued under the provisions of this Article shall become a part of the tax herein required to be paid.
- (e) Notwithstanding the foregoing, the Tax Administrator may, in his or her discretion, modify the due dates of this Article to be consistent with any uniform standards or procedures that are mutually agreed upon by other public agencies imposing a utility users' tax, or otherwise legally established, to create a central payment location or mechanism.

8-2.914. ACTIONS TO COLLECT.

Any tax required to be paid by a service user under the provisions of this Article shall be deemed a debt owed by the service user to the City. Any such tax collected from a service user which has not been remitted to the Tax Administrator shall be deemed a debt owed to the City by the person required to collect and remit and shall no longer be a debt of the service user. Any person owing money to the City under the provisions of this Article shall be liable to an action brought in the name of the City for the recovery of such amount, including penalties and interest as provided for in this Article, along with any collection costs incurred by the City as a result of the person's noncompliance with this Article, including, but not limited to, reasonable attorneys' fees. Any tax required to be collected by a service supplier or owed by a service user is an unsecured priority excise tax obligation under *11 U. S. CA. Section 507(a)(8)(C)*. Service suppliers who seek to collect charges for service in bankruptcy proceedings shall also include in any such claim the amount of taxes due the City for those services, unless the Tax Administrator determines that such duty is in conflict with any federal or state law, rule, or regulation or that such action would be administratively impractical.

8-2.915. DEFICIENCY DETERMINATION AND ASSESSMENT-TAX APPLICATION ERRORS.

- (a) The Tax Administrator shall make a deficiency determination if he or she determines that any person required to pay or collect taxes pursuant to the provisions of this Article has failed to pay, collect, and/or remit the proper amount of tax by improperly or failing to apply the tax to one or more taxable services or charges. Nothing herein shall require that the Tax Administrator institute proceedings under this Section 8-2.915 if, in the opinion of the Tax Administrator, the cost of collection or enforcement likely outweighs the tax benefit.
- (b) The Tax Administrator shall mail a notice of such deficiency determination to the person required to pay or remit the tax, which notice shall refer briefly to the amount of the taxes owed, plus interest at the rate of seventy-five one-hundredths percent (0.75%) per month, or any fraction thereof, on the amount of the tax from the date on which the tax should have been received by the City. Within fourteen (14) calendar days after the date of service of such notice, the person may request in writing to the Tax Administrator for a hearing on the matter.
- (c) If the person fails to request a hearing within the prescribed time period, the amount of the deficiency determination shall become a final assessment, and shall immediately be due and owing to the City. If the person requests a hearing, the Tax Administrator shall cause the matter to be set for hearing, which shall be scheduled within thirty (30) days after receipt of the written request for hearing. Notice of the time and place of the hearing shall be mailed by the Tax Administrator to such person at least ten (10) calendar days prior to the hearing, and, if the Tax Administrator desires said person to produce specific records at such hearing, such notice may designate the records requested to be produced.
- (d) At the time fixed for the hearing, the Tax Administrator shall hear all relevant testimony and evidence, including that of any other interested parties. At the discretion of the Tax Administrator, the hearing may be continued from time to time for the purpose of allowing the presentation of additional evidence. Within a reasonable time following the conclusion of the hearing, the Tax Administrator shall issue a final assessment (or non-assessment), thereafter, by confirming, modifying or rejecting the original deficiency determination, and shall mail a copy of such final assessment to person owing the tax. The decision of the Tax Administrator may be appealed pursuant to Section 8-2.920 of this Article. Filing an application with the Tax Administrator and appeal to the City

Administrator, or designee, pursuant to Section 8-2.920 of this Article is a prerequisite to a suit thereon.

- (e) Payment of the final assessment shall become delinquent if not received by the Tax Administrator on or before the thirtieth (30th) day following the date of receipt of the notice of final assessment. The penalty for delinquency shall be fifteen percent (15%) on the total amount of the assessment, along with interest at the rate of seventy-five one-hundredths percent (0.75%) per month, or any fraction thereof, on the amount of the tax, exclusive of penalties, from the date of delinquency, until paid. The applicable statute of limitations regarding a claim by the City seeking payment of a tax assessed under this Article shall commence from the date of delinquency as provided in this subsection (e).
- (f) All notices under this Article may be sent by regular mail, postage prepaid, and shall be deemed received on the third calendar day following the date of mailing, as established by a proof of mailing.

8-2.916. ADMINISTRATIVE REMEDY - NON-PAYING SERVICE USERS.

- (a) Whenever the Tax Administrator determines that a service user has deliberately withheld the amount of the tax owed by the service user from the amounts remitted to a person required to collect the tax, or whenever the Tax Administrator deems it in the best interest of the City, he or she may relieve such person of the obligation to collect the taxes due under this Article from certain named service users for specific billing periods. To the extent the service user has failed to pay the amount of tax owed for a period of two (2) or more billing periods, the service supplier shall be relieved of the obligation to collect taxes due. The service supplier shall provide the City with the names and addresses of such service users and the amounts of taxes owed under the provisions of this Article. Nothing herein shall require that the Tax Administrator institute proceedings under this Section 8-2.916 if, in the opinion of the Tax Administrator, the cost of collection or enforcement likely outweighs the tax benefit.
- (b) In addition to the tax owed, the service user shall pay a delinquency penalty at the rate of fifteen percent (15%) of the total tax that is owed, and shall pay interest at the rate of seventy-five one-hundredths percent (0.75%) per month, or any fraction thereof, on the amount of the tax, exclusive of penalties, from the due date, until paid.

- (c) The Tax Administrator shall notify the non-paying service user that the Tax Administrator has assumed the responsibility to collect the taxes due for the stated periods and demand payment of such taxes, including penalties and interest. The notice shall be served on the service user by personal delivery or by deposit of the notice in the United States mail, postage prepaid, addressed to the service user at the address to which billing was made by the person required to collect the tax; or, should the service user have a change of address, to his or her last known address.
- (d) If the service user fails to remit the tax to the Tax Administrator within thirty (30) days from the date of the service of the notice upon him or her, the Tax Administrator may impose an additional penalty of fifteen percent (15%) of the amount of the total tax that is owed.

8-2.917. ADDITIONAL POWERS AND DUTIES OF THE TAX ADMINISTRATOR.

- (a) The Tax Administrator shall have the power and duty, and is hereby directed, to enforce each and all of the provisions of this Article.
- (b) The Tax Administrator may adopt administrative rules and regulations consistent with provisions of this Article for the purpose of interpreting, clarifying, carrying out and enforcing the payment, collection and remittance of the taxes herein imposed. The administrative ruling shall not impose a new tax, revise an existing tax methodology as stated in this Article, or increase an existing tax, except as allowed by *California Government Code Section 53750(h)(2)*. A copy of such administrative rules and regulations shall be on file in the Tax Administrator's office. To the extent that the Tax Administrator determines that the tax imposed under this Article shall not be collected in full for any period of time from any particular service supplier or service user, that determination shall be considered an exercise of the Tax Administrator's discretion to settle disputes and shall not constitute a change in taxing methodology for purposes of *Government Code Section 53750* or otherwise. The Tax Administrator is not authorized to amend the City's methodology for purposes of *Government Code Section 53750* and the City does not waive or abrogate its ability to impose the utility users' tax in full as a result of promulgating administrative rulings or entering into agreements.
- (c) Upon a proper showing of good cause, the Tax Administrator may make administrative agreements, with appropriate conditions, to vary from the strict requirements of this Article and thereby: (1) conform to the billing procedures of a particular service supplier so long as said agreements

result in the collection of the tax in conformance with the general purpose and scope of this Article; or, (2) to avoid a hardship where the administrative costs of collection and remittance greatly outweigh the tax benefit. A copy of each such agreement shall be on file in the Tax Administrator's office, and are voidable by the Tax Administrator or the City at any time.

- (d) The Tax Administrator may conduct an audit, to ensure proper compliance with the requirements of this Article, of any person required to collect and/or remit a tax pursuant to this Article. The Tax Administrator shall notify said person of the initiation of an audit in writing. In the absence of fraud or other intentional misconduct, the audit period of review shall not exceed a period of three (3) years next preceding the date of receipt of the written notice by said person from the Tax Administrator. Upon completion of the audit, the Tax Administrator may make a deficiency determination pursuant to Section 8-2.915 of this Article for all taxes (and applicable penalties and interest) owed and not paid, as evidenced by information provided by such person to the Tax Administrator. If said person is unable or unwilling to provide sufficient records to enable the Tax Administrator to verify compliance with this Article, the Tax Administrator is authorized to make a reasonable estimate of the deficiency. Said reasonable estimate shall be entitled to a rebuttable presumption of correctness.
- (e) Upon receipt of a written request of a taxpayer, and for good cause, the Tax Administrator may extend the time for filing any statement required pursuant to this Article for a period of not to exceed forty-five (45) days, provided that the time for filing the required statement has not already passed when the request is received. No penalty for delinquent payment shall accrue by reason of such extension. Interest shall accrue during said extension at the rate of seventy-five one-hundredths percent (0.75%) per month, prorated for any portion thereof.
- (f) The Tax Administrator shall determine the eligibility of any person who asserts a right to exemption from, or a refund of, the tax imposed by this Article.
- (g) Notwithstanding any provision in this Article to the contrary, the Tax Administrator may waive any penalty or interest imposed upon a person required to collect and/or remit for failure to collect the tax imposed by this Article if the non-collection occurred in good faith. In determining whether the non-collection was in good faith, the Tax Administrator shall take into consideration the uniqueness of the product or service, industry

practice or other precedence. The Tax Administrator may also participate with other utility users' tax public agencies in conducting coordinated compliance reviews with the goal of achieving administrative efficiency and uniform tax application determinations, where possible. To encourage full disclosure and on-going cooperation on annual compliance reviews, the Tax Administrator, and its agents, may enter into agreements with the tax-collecting service providers and grant prospective only effect on any changes regarding the taxation of services or charges that were previously deemed by the service provider, in good faith and without gross negligence, to be non-taxable. In determining whether the non-collection was in good faith and without gross negligence, the Tax Administrator shall take into consideration the uniqueness of the product or service, industry practice or other precedence.

8-2.918. RECORDS.

- (a) It shall be the duty of every person required to collect and/or remit to the City any tax imposed by this Article to keep and preserve, for a period of at least three (3) years, all records as may be necessary to determine the amount of such tax as he/she may have been liable for the collection of and remittance to the Tax Administrator, which records the Tax Administrator shall have the right to inspect at a reasonable time.
- (b) The City may issue an administrative subpoena to compel a person to deliver, to the Tax Administrator, copies of all records deemed necessary by the Tax Administrator to establish compliance with this Article, including the delivery of records in a common electronic format on readily available media if such records are kept electronically by the person in the usual and ordinary course of business. As an alternative to delivering the subpoenaed records to the Tax Administrator on or before the due date provided in the administrative subpoena, such person may provide access to such records outside the City on or before the due date, provided that such person shall reimburse the City for all reasonable travel expenses incurred by the City to inspect those records, including travel, lodging, meals, and other similar expenses, but excluding the normal salary or hourly wages of those persons designated by the City to conduct the inspection.
- (c) The Tax Administrator is authorized to execute a non-disclosure agreement approved by the City Attorney to protect the confidentiality of customer information pursuant to *California Revenue and Tax Code Sections 7284.6 and 7284.7*.

- (d) If a service supplier uses a billing agent or billing aggregator to bill, collect, and/or remit the tax, the service supplier shall: 1) provide to the Tax Administrator the name, address and telephone number of each billing agent and billing aggregator currently authorized by the service supplier to bill, collect, and/or remit the tax to the City; and, 2) upon request of the Tax Administrator, deliver, or effect the delivery of, any information or records in the possession of such billing agent or billing aggregator that, in the opinion of the Tax Administrator, is necessary to verify the proper application, calculation, collection and/or remittance of such tax to the City.
- (e) If any person subject to record-keeping under this Article unreasonably denies the Tax Administrator access to such records, or fails to produce the information requested in an administrative subpoena within the time specified, then the Tax Administrator may impose a penalty of Five Hundred Dollars (\$500.00) on such person for each day following: 1) the initial date that the person refuses to provide such access; or, 2) the due date for production of records as set forth in the administrative subpoena. This penalty shall be in addition to any other penalty imposed under this Article.

8-2.919. REFUNDS.

Whenever the amount of any tax has been overpaid or paid more than once or has been erroneously or illegally collected or received by the Tax Administrator under this Article from a person or service supplier, it may be refunded as provided in this Section as follows:

- (a) **Written Claim for Refund:** The Tax Administrator may refund any tax that has been overpaid or paid more than once or has been erroneously or illegally collected or received by the Tax Administrator under this Article from a person or service supplier, provided that no refund shall be paid under the provisions of this Section unless the claimant or his or her guardian, conservator, executor, or administrator has submitted a written claim to the Tax Administrator within one year of the overpayment or erroneous or illegal collection of said tax. Such claim must clearly establish claimant's right to the refund by written records showing entitlement thereto. Nothing herein shall permit the filing of a claim on behalf of a class or group of taxpayers unless each member of the class has submitted a written claim under penalty of perjury as provided by this Section.
- (b) **Compliance with Claims Act:** The filing of a written claim pursuant to *Government Code Section 935* is a prerequisite to any suit thereon. Any

action brought against the City pursuant to this Article shall be subject to the provisions of *Government Code Sections 945.6 and 946*. The Tax Administrator, or the City Council where the claim is in excess of Five Thousand Dollars (\$5,000.00), shall act upon the refund claim within the time period set forth in *Government Code Section 912.4*. If the Tax Administrator/City Council fails or refuses to act on a refund claim within the time prescribed by *Government Section 912.4*, the claim shall be deemed to have been rejected by the City Council on the last day of the period within which the City Council was required to act upon the claim as provided in *Government Code Section 912.4*. The Tax Administrator shall give notice of the action in a form which substantially complies with that set forth in *Government Code Section 913*.

- (c) **Refunds to Service Suppliers:** Notwithstanding the notice provisions of subsection (a) of this Section, the Tax Administrator may, at his or her discretion, give written permission to a service supplier, who has collected and remitted any amount of tax in excess of the amount of tax imposed by this Article, to claim credit for such overpayment against the amount of tax which is due the City upon a subsequent monthly return(s) to the Tax Administrator, provided that: 1) such credit is claimed in a return dated no later than one year from the date of overpayment or erroneous collection of said tax; 2) the Tax Administrator is satisfied that the underlying basis and amount of such credit has been reasonably established; and, 3) in the case of an overpayment by a service user to the service supplier that has been remitted to the City, the Tax Administrator has received proof, to his or her satisfaction, that the overpayment has been refunded by the service supplier to the service user in an amount equal to the requested credit.

8-2.920. APPEALS.

- (a) The provisions of this Section apply to any decision (other than a decision relating to a refund pursuant to Section 8-2.919 of this Article), deficiency determination, assessment, or administrative ruling of the Tax Administrator. Any person aggrieved by any decision (other than a decision relating to a refund pursuant to Section 8-2.919 of this Article), deficiency determination, assessment, or administrative ruling of the Tax Administrator, shall be required to comply with the appeals procedure of this Section. Compliance with this Section shall be a prerequisite to a suit thereon. [See *Government Code Section 935(b)*]. Nothing herein shall permit the filing of a claim or action on behalf of a class or group of taxpayers.

- (b) If any person is aggrieved by any decision (other than a decision relating to a refund pursuant to Section 8-2.919 of this Article), deficiency determination, assessment, or administrative ruling of the Tax Administrator; he or she may appeal to the City Administrator, or designee, by filing a notice of appeal with the City Clerk within fourteen (14) days of the date of the decision, deficiency determination, assessment, or administrative ruling of the Tax Administrator which aggrieved the service user or service supplier.
- (c) The matter shall be scheduled for hearing before an independent hearing officer selected by the City Administrator, or designee, no more than thirty (30) days from the receipt of the appeal. The appellant shall be served with notice of the time and place of the hearing, as well as any relevant materials, at least five (5) calendar days prior to the hearing. The hearing may be continued from time to time upon mutual consent. At the time of the hearing, the appealing party, the Tax Administrator, and any other interested person may present such relevant evidence as he or she may have relating to the determination from which the appeal is taken.
- (d) Based upon the submission of such evidence and the review of the City's files, the hearing officer shall issue a written notice and order upholding, modifying or reversing the determination from which the appeal is taken. The notice shall be given within fourteen (14) days after the conclusion of the hearing and shall state the reasons for the decision. The notice shall specify that the decision is final and that any petition for judicial review shall be filed within ninety (90) days from the date of the decision in accordance with Code of Civil Procedure Section 1094.6.
- (e) All notices under this Section may be sent by regular mail, postage prepaid, and shall be deemed received on the third calendar day following the date of mailing, as established by a proof of mailing.

8-2.921. REFUND - ANNUAL GROSS INCOME LESS THAN \$8,700.00.

- (a) A refund of not to exceed thirty dollars (\$30.00) of taxes due and paid under the provisions of this article for utility services rendered in any calendar year shall be made whenever all of the following occur:
 - (1) The annual gross income of the household in which the claimant lives is less than eight thousand seven hundred dollars (\$8,700.00) for the claimant's last federal or State personal income tax reporting period.

- (2) The claimant makes application and files a verified claim in writing with the Finance Director for such refund upon a claim form provided by the Finance Director.
 - (3) The claim is approved by the Finance Director as being in conformance with this section. Only one (1) member of each household may file a claim, and only one (1) claim may be filed for each individual household.
- (b) The claimant shall be the person in whose name the bills for utilities services were rendered. Income of the household means all income of the claimant's household while members of such household and related to the claimant as a spouse or as defined in the *California Revenue and Taxation Code of Sections 17056 and 17057*.
 - (c) "Gross income" shall mean the sum of adjusted gross income as used for purposes of the California Personal Income Tax Law, together with the net income from all sources of all kinds, including, but not limited to, alimony, support money, cash public assistance and relief, pensions, annuities, social security, interest on securities (including tax-free interest on governmental securities), realized capital gains, workmen's compensation (not including medical benefits), unemployment insurance income, insurance benefits of all kinds (other than medical), and gifts; except that income shall not include Medicare benefits, Medicaid benefits, gifts of food and gifts between members of the household, the receipt of surplus food or other relief in kind supplied by a governmental agency.
 - (d) The claim for such refund, for the preceding calendar year, shall be made only during the period of January 1 to April 15 of each year, and must be accompanied by a copy of the utility bills, together with proof that the utility taxes have been paid by the claimant or some member of the household. No such refund shall be made on any claim filed or post-marked later than the fifteenth day of April.
 - (e) No refund shall be made to any person for taxes levied on a utility account for which any utility tax is due and outstanding for the period for which refund is claimed or for any prior period. No refund shall be made of any tax which was paid with public assistance or relief funds which included an allowance to pay the tax.
 - (f) Nothing in this section shall be construed to require that any utility company has any obligation to make or furnish, for the purpose of the refund provisions hereof, proof of utility taxes due or utility taxes paid.

8-2.922. NO INJUNCTION/WRIT OF MANDATE.

No injunction or writ of mandate or other legal or equitable process shall issue in any suit, action, or proceeding in any court against this City or against any officer of the City to prevent or enjoin the collection under this Article of any tax or any amount of tax required to be collected and/or remitted.

8-2.923. NOTICE OF CHANGES TO ORDINANCE.

If a tax under this Article is added, repealed, increased, reduced, or the tax base is changed, the Tax Administrator shall follow the notice requirements of *California Public Utilities Code Section 799*.

8-2.924. EFFECT OF STATE AND FEDERAL REFERENCE/AUTHORIZATION.

Unless specifically provided otherwise, any reference to a State or Federal statute in this Article shall mean such statute as it may be amended from time to time, provided that such reference to a statute herein shall not include any subsequent amendment thereto, or to any subsequent change of interpretation thereto by a State or Federal agency or court of law with the duty to interpret such law, to the extent that such amendment or change of interpretation would require voter approval under California law, or to the extent that such change would result in a tax decrease (as a result of excluding all or a part of a utility service, or charge therefor, from taxation). Only to the extent voter approval would otherwise be required or a tax decrease would result, the prior version of the statute (or interpretation) shall remain applicable; for any application or situation that would not require voter approval or result in a decrease of a tax, provisions of the amended statute (or new interpretation) shall be applicable to the maximum possible extent.

To the extent that the City's authorization to collect or impose any tax imposed under this Article is expanded or limited as a result of changes in State or Federal law, no amendment or modification of this Article shall be required to conform the tax to those changes, and the tax shall be imposed and collected to the full extent of the authorization up to the full amount of the tax imposed under this Article.

8-2.925. NO INCREASE IN TAX PERCENTAGE OR CHANGE IN METHODOLOGY WITHOUT VOTER APPROVAL; AMENDMENT OR REPEAL.

This Article 9 of Chapter 2 of Title 8 of the Modesto Municipal Code may be repealed or amended by the City Council without a vote of the People. However,

as required by *Article XIII C of the California Constitution*, voter approval is required for any amendment provision that would increase the rate of any tax levied pursuant to this Ordinance. The People of the City of Modesto affirm that the following actions shall not constitute an increase of the rate of a tax:

- (1) The restoration of the rate of the tax to a rate that is no higher than that set by this Ordinance, if the City Council has acted to reduce the rate of the tax;
- (2) An action that interprets or clarifies the methodology of the tax, or any definition applicable to the tax, so long as such interpretation or clarification (even if contrary to some prior interpretation or clarification) is not inconsistent with the language of this Ordinance;
- (3) The establishment a class of persons that is exempt or excepted from the tax or the discontinuation of any such exemption or exception (other than the discontinuation of an exemption or exception specifically set forth in this Ordinance); and
- (4) The collection of the tax imposed by this ordinance, even if the City had, for some period of time, failed to collect the tax.

8-2.926. INDEPENDENT AUDIT OF TAX COLLECTION, EXEMPTION, REMITTANCE, AND EXPENDITURE.

The City shall annually verify that the taxes owed under this Article have been properly applied, exempted, collected, and remitted in accordance with this Article, and properly expended according to applicable municipal law. The annual verification shall be performed by a qualified independent third party and the review shall employ reasonable, cost-effective steps to assure compliance, including the use of sampling audits. The verification shall not be required of tax remitters where the cost of the verification may exceed the tax revenues to be reviewed.

8-2.927. REMEDIES CUMULATIVE.

All remedies and penalties prescribed by this Article or which are available under any other provision of law or equity, including but not limited to the California False Claims Act (*Government Code Section 12650 et seq.*) and the California Unfair Practices Act (*Business and Professions Code Section 17070 et seq.*), are cumulative. The use of one or more remedies by the City shall not bar the use of any other remedy for the purpose of enforcing the provisions of this Article.

8-2.928. INTERACTION WITH PRIOR TAX.

- (a) Collection of Tax by Service Providers. Service providers shall begin to collect the tax imposed by this amended Article 9 as soon as feasible after the effective date of the Article, but in no event later than permitted by *Section 799* of the *California Public Utilities Code*.
- (b) Satisfaction of Tax Obligation by Service Users. Prior to April 1, 2012, any person who pays the tax levied pursuant to Article 9 of Chapter 2 of Title 8 of this Code, as it existed prior to its amendment as provided herein, with respect to any charge for a service shall be deemed to have satisfied his or her obligation to pay the tax levied pursuant to Article 9 of Chapter 2 of Title 8 as amended herein, with respect to that charge. The intent of this paragraph is to prevent the imposition of multiple taxes upon a single utility charge during the transition period from the prior Utility Users' Tax ordinance to the amended Utility Users' Tax ordinance (which transition period ends April 1, 2012) and to permit service providers or other persons with an obligation to remit the tax hereunder, during that transition period, to satisfy their collection obligations by collecting either tax.
- (c) In the event that a final court order should determine that the election enacting this Article 9 of Chapter 2 of Title 8 (as amended herein) is invalid for whatever reason, or that any tax imposed under this Article 9 of Chapter 2 of Title 8 (as amended herein) is invalid in whole or in part, then the taxes imposed under Article 9 of Chapter 2 of Title 8 of this Code, as it existed prior to its amendment as provided herein, shall automatically continue to apply with respect to any service for which the tax levied pursuant to this Article 9 has been determined to be invalid. Such automatic continuation shall be effective beginning as of the first date of service (or billing date) for which the tax imposed by this Article is not valid. However, in the event of an invalidation, any tax (other than a tax that is ordered refunded by the court or is otherwise refunded by the City) paid by a person with respect to a service and calculated pursuant to this Article 9 of Chapter 2 of Title 8 (as amended herein) shall be deemed to satisfy the tax imposed under Article 9 of Chapter 2 of Title 8, as it existed prior to its amendment as provided herein, on that service, so long as the tax is paid with respect to a service provided no later than six months subsequent to the date on which the final court order is published.

SECTION 2. EFFECTIVE DATE. This ordinance shall go into effect and be in full force and operation from and after the date of this Council meeting pursuant to the provisions of Charter Section 702(f).

SECTION 3. PUBLICATION. Not required pursuant to Elections Code Section 9217 and Charter Section 702(f).
